FOR IMMEDIATE RELEASE

Resorts & Residences by CuisinArt to Retain Staff While Property Undergoes First Phase of Renovations to Elevate it to World-Class Resort

The Resorts & Residences by CuisinArt has announced that the first phase of its remarkable renovations is underway. As we implement substantial and transformational enhancements prior to our reopening this fall, we will pay retained team members in full. During the temporary closure, our associates will play an important part in creating the future of our resort, providing an exciting and empowering moment for staff. Since the acquisition of the Resorts & Residences by CuisinArt, we have been driven by a commitment to Anguilla and to building an environment that celebrates personal and professional growth and fulfillment. The property is one of the largest resort employers on the island and we will continue to expand on our team, guided by community-focused principles with the ongoing goal of supporting the vibrant destination and island residents.

“While we temporarily close our doors to guests, we are committed to our team and to supporting the Anguillan community,” commented Simon A. Fricker, Managing Director for the Resorts & Residences by CuisinArt. “The temporary closure will allow us the opportunity to implement impactful changes to the property. We are excited to be able to bring our staff on this journey, where they will play an active role in creating this next chapter as we elevate the resort to be the best in the Caribbean. We are on the verge of remarkable transformations that will bring visitors from around the world to experience this special island firsthand. While the enhancements will be exciting, it is our team that brings the property to life.”

The Resorts & Residences by CuisinArt will additionally host a job fair in June where hospitality professionals from within the Anguillan community are invited to explore a range of positions for the new season. Those who are looking for an exciting chance to actively participate and contribute to the development of a groundbreaking new property are encouraged to meet with the team and learn more about the new vision for the property. While the Resorts & Residences by CuisinArt enters a new era, we will continue to honor its legacy and remain dedicated to hiring from within the local community, further expanding on the team, who are the spirit of the resort.

The Resorts & Residences by CuisinArt recently announced the latest local hires, who include Charnissa Richardson as Director of Catering and Private Events, James Rochester as Assistant Director of Security, Vanroy Hodge as Assistant Director of Engineering, and Natasha Richardson as Front of House Manager. We are very excited to continue to tap local talent to build upon our growing team, an exceptional group of world-class associates. As we continue our journey to develop the premier resort in the Caribbean, we look forward to sharing regular updates with the community and to ensuring they continue to play an active role in this journey.

About the Resorts & Residences by CuisinArt

Nestled in the crescent curve of Anguilla's Rendezvous Bay, the Resorts & Residences by CuisinArt, encompasses CuisinArt Golf Resort & Spa and The Reef by CuisinArt. Perfectly positioned on 387 acres on the Caribbean paradise of Anguilla, the Resorts & Residences by CuisinArt is a luxury icon. The resort underwent a complete transformation in 2018 with property-wide upgrades and enhanced golf, wellness, design and amenities. The resort's crown jewels include the 18-hole Greg Norman designed golf course, the Spa by CuisinArt, and world-class dining at eight distinct dining venues across CuisinArt Golf Resort & Spa and The Reef by CuisinArt.
